

# *A prayer for your Home*

Father God, thank you for this home. I know it's because of you that we ended up here. I pray your blessings over this community and neighborhood. Show us how to be good neighbors, and how to bless those you've assigned us to.

Now Lord, I pray over this house. As I anoint every door frame, I invite your Holy Spirit to dwell here. Fill this home with your presence and a tangible peace that washes over every person who walks through the door. Please teach me how to be hospitable. Not to impress but to provide an atmosphere that transforms us and the lives of our guests.

I rebuke any spirit that is not of you and command it to GO in the mighty name of Jesus! Permeate this place with your presence and surround us with your angels. Protect us from all hurt, harm and danger. I declare that this home is covered by the blood of the lamb!

Thank you for the many memories that will be made within these walls. I give this home back to you and pray that your will be done as we dwell here together daily.

In Jesus' Name,

Amen
